Notable Achievements

The Project Financing Refinery Development Master Plan (RDMP) Balikpapan has been awarded the "Asia Pacific – Petchem Deal of The Year" at the 2023 Project Finance International (PFI) Awards at London, 21st February 2024.

The following award recognizes RDMP Balikpapan for involving Export Credit Agencies (ECA), valued at 3.1* billion USD or around 45 trillion Indonesian Rupiah, for energy resilience in Indonesia, contributing to reducing imports to support Indonesia’s energy independence.

*99 mio is still in the finalization stage of the loan agreement.
